FOR IMMEDIATE RELEASE

COMCARE Joins in United Way Help Center Efforts

(Sedgwick County, Kansas) – COMCARE of Sedgwick County, in collaboration with the Mental Health Association of South Central Kansas and Family Consultation Service, will offer information regarding professional mental health services next week as part of the United Way of the Plains' Laid Off Workers Help Center. The Center, located at 1925 E. Douglas, will be open January 28, 29 and 30, 2002.

COMCARE staff will be on hand to provide information on mental health services in Sedgwick County, and will hand out educational literature on stress, anxiety, depression and other appropriate topics.

"We are proud to be a part of the team that will help provide assistance to laid-off workers," said Sedgwick County Commission Chair Ben Sciortino. "It is important that we provide mental health resources to those who need them at a very stressful time in their lives."

COMCARE plans to take part in future Help Center openings, which will be coordinated by the United Way of the Plains.
